Rally your troops!

### **THE SKIRMISH IS COMING!!!**

Queen City Sertoma is hosting a new event this year. This will be a challenging, fun event for teams of 4 to drive around Springfield, looking for clues and performing tasks to win various items, including cash prizes. Get your troops ready, dress them up, decorate your vehicle, and be ready to battle till the end. The event will end with awards, food, and beer at the Celebration Party. This is a point-based event, not a timed race. There will be advantages and challenges to be completed throughout the event. This newly inspired event will help you explore Springfield and its historical or famous sites and areas of special interest. Proceeds from the event go towards fundraising initiatives for local children's charities, including the Boys and Girls Clubs of Springfield, Ozarks Food Harvest, and Rare Breed.

Teams will consist of a maximum of 4 people in a car. All participants must be 18 years of age. You must have proof of ID, and the driver must possess a valid driver's license. All vehicles must have a valid proof of insurance.

There will be a waiver of Liability for individuals and teams to sign in case of accidents. Queen City Sertoma will not be responsible for accidents to individuals, or the cars involved in the event.

All team members must be present at the event's beginning, at each stop, and at the end when turning in all tickets and points. All members must be present to win at the end of the day. The loss of any team members will forfeit the entire team.

**NO ALCOHOL WILL BE CONSUMED BEFORE OR DURING THE EVENT. ALL PARTICIPANTS MUST OBEY ALL TRAFFIC, VEHICLE, AND SAFETY RULES AND REGULATIONS.**

Teams are encouraged to dress up and decorate their vehicles. There will be an award for BEST OF SHOW.

Teams: Cost. \$125.00 per car/ team of 4; entry fee includes an event-specific passport, a compass, and food vouchers.

Emergency contact numbers will be provided for each team to reach the base location.

Teams must provide their own cell phones to use at each location for verification of completion of tasks.
